A.—Sri KADIDAL MANJAPPA (Minister for Revenue).—

(*a*) Barandur and Koppa are not under the Bhadra Reservoir Right Bank Channel, but they are villages coming under the old Bhadra Anicut Channel. Sanyasikodamagge is situated at the tail-end of the Bhadra Reservoir Right Bank Channel. Two villages, *i.e.*, Barandur and Koppa, will get marshy during irrigation season. Sanyasikodamagge is affected due to its being situated on the banks of Tungabhadra River.

(*b*) This question is under examination.

(*c*) Does not arise in view of reply to Clause (*b*).
